

AES

Advanced Electronic Solutions, Inc.

Remote Video Monitoring and Access Control Solutions

AES is proud to announce that it is now providing Interactive Remote Video Monitoring and Remote Access Control. We are able to provide these services through a partnership with G4S.

G4S provides services for Fortune 100 Companies, Multi-family Housing, Hospitals, Municipalities, Education, Commercial, Re-

tail, Car Dealers, Construction Sites and more. Utilizing the G4S solution, your sites can be made more secure at a fraction of the cost of manpower-only solutions.

Please contact your Account Manager so we can arrange a presentation or provide you with more information.
